Re: Mr. Harold C. Holt
Consolidated Freightways Inc.

Dear Dr. Grady:

We are somewhat surprised at the statement in your letter of June 18, 1946 that you were not informed that this was an insurance case and therefore see no reason for any correspondence with this office regarding the patient, since the bill submitted to this office was on one of our regular treatment requisitions and signed by you.

Please be assured that our letter was in no way intended to be an attempt to reduce or regulate your normal fees, but was rather by way of solicitation of your cooperation with regard to a particular case involving the subscriber of a doctor owned and operated pre-payment medical plan. We are sorry that our letter evidentally did not make our position clear to you and apologize for any inconvenience we have caused you.

Enclosed herewith is our check in the amount of $85.00 which is the amount allowable under our schedule of fees for the operation performed. We are notifying Mr. Holt as to the extent of our payment and informing him that the balance of your charges should be considered his personal obligation.

Very truly yours,

Dear Sirs:

Re: Mr. Harold C. Holt

Mr. Holt failed to inform me that this was an insurance case, however, he was informed what my charge would be. I cannot understand why I should have any correspondence at all with you regarding this patient. I would suggest you pay Mr. Holt your established fee and he in turn can take care of his obligation to me.

I cannot quite understand your letter, as it makes you a part in trying to reduce or regulate my normal and legitimate charge in Highland Park, Illinois. I am not located in Oregon and have no idea or interest in your fees in that State. If Mr. Holt had been honest or thoughtful enough to tell me before I operated him and advised him what the fee would be, I would certainly have explained my charges to him. Mr. Holt was in a private room at his own wish.

I am in sympathy with your Oregon plan, but do not believe in the way this case has been handled. I see no reason why I should accept the amount you suggest as payment in full.

Very truly yours,

Re: Mr. Harold C. Holt
Consolidated Freightways, Inc.

Dear Dr. Grady:

Your bill for surgical services to the above named member of our medical and hospital service agreement with Consolidated Freightways, Inc., has been forwarded for our attention. In reviewing the bill it is desired to give you a brief resume concerning the purpose and structure of Oregon Physicians' Service for your consideration.

Oregon Physicians' Service is a doctor owned and operated pre-paid medical service plan operating on a non-profit basis. If you are familiar with organizations of this type you are undoubtedly aware that a basic fee schedule is established by the cooperating doctors, in this case over 95% of the medical doctors in the state, and that such fees are accepted by the various doctors involved as full payment for services rendered to subscribers of the service plan. In this respect, we are given to understand that the schedule of fees established by Oregon Physicians' Service is comparable to the fees of like organizations throughout the country.

While there is insufficient volume of cases from the more distant areas to require establishment of cooperating arrangements in those areas, still we have found that in most cases where the treatment of one of our subscribers is given by a doctor not affiliated with Oregon Physicians' Service, the schedule of fees as established by our cooperating doctors is acceptable. This cooperation has likewise been extended by physicians on the panel of Oregon Physicians' Service by the acceptance of these doctors
10927 of payment for their services on many occasions, of the rate as established by kindred organizations in other parts of the country when treatment of their members is given.

While we have no way of knowing your attitude toward doctor sponsored prepayment plans, we earnestly solicite your cooperation in the handling of such cases to the extent of your acceptance of the O.P.S. fee for the services furnished Mr. Holt. It is realized that the schedule fee is considerably at variance with the fee shown on your bill,

but it is hoped that your appreciation of the position of such prepaid medical plans in the national medical picture will be considered.

The established fee for an inguinal herhia operation is $85.00. We will appreciate an expression from you as to your feelings on the matter.

Very truly yours,

OREGON PHYSICIANS' SERVICE
